PLATFORM  
2020** May 28 – 29, 2020  
Conrad Seoul, Korea

# Industry Innovation and Societal Challenges

**Anders Hektor**

Science and Innovation Counsellor  
Embassy of Sweden

*"We shouldn't fear  
new technology, we  
should fear old  
technology"*

*"We don't  
protect jobs,  
we protect  
workers"*

# SOCIETAL CHALLENGES

# INNOVATION PARTNERSHIP PROGRAMS

---

- Green Transition of Industry
- Digital transformation of Industry
- Health & Life Science
- Skill Supply & Life Long Learning

# FOSSIL-FREE STEEL

---

CO2 footprint

Global 7 percent

Sweden 11 percent

# FOSSIL-FREE STEEL

---

Hydrogen Breakthrough Ironmaking Technology HYBRIT

Joint Venture between Swedish industries

Steel  
Mining  
Energy

**SSAB**

 **LKAB**

**VATTENFALL** 

# The HYBRIT technology

BLAST FURNACE

HYBRIT – SSAB, Vattenfall & LKAB

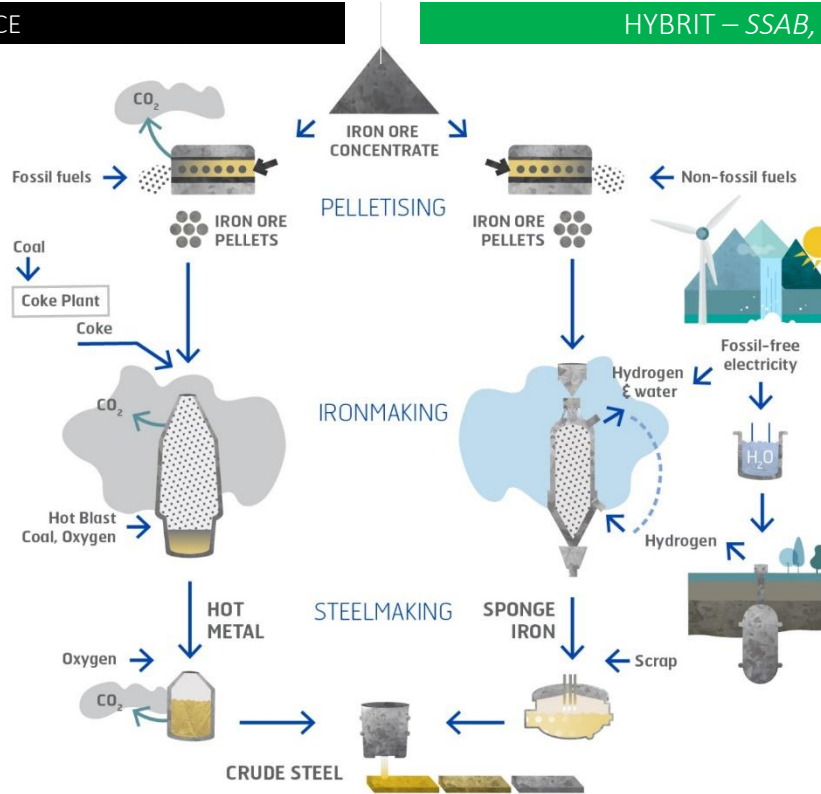

Production intensity per tonne of crude steel

1,600  
kg CO<sub>2</sub>

81  
kWh Oil

5,510  
kWh Coal

235  
kWh Electricity

25  
kg CO<sub>2</sub>

42  
kWh Coal

560  
kWh Bio

3,488  
kWh Electricity

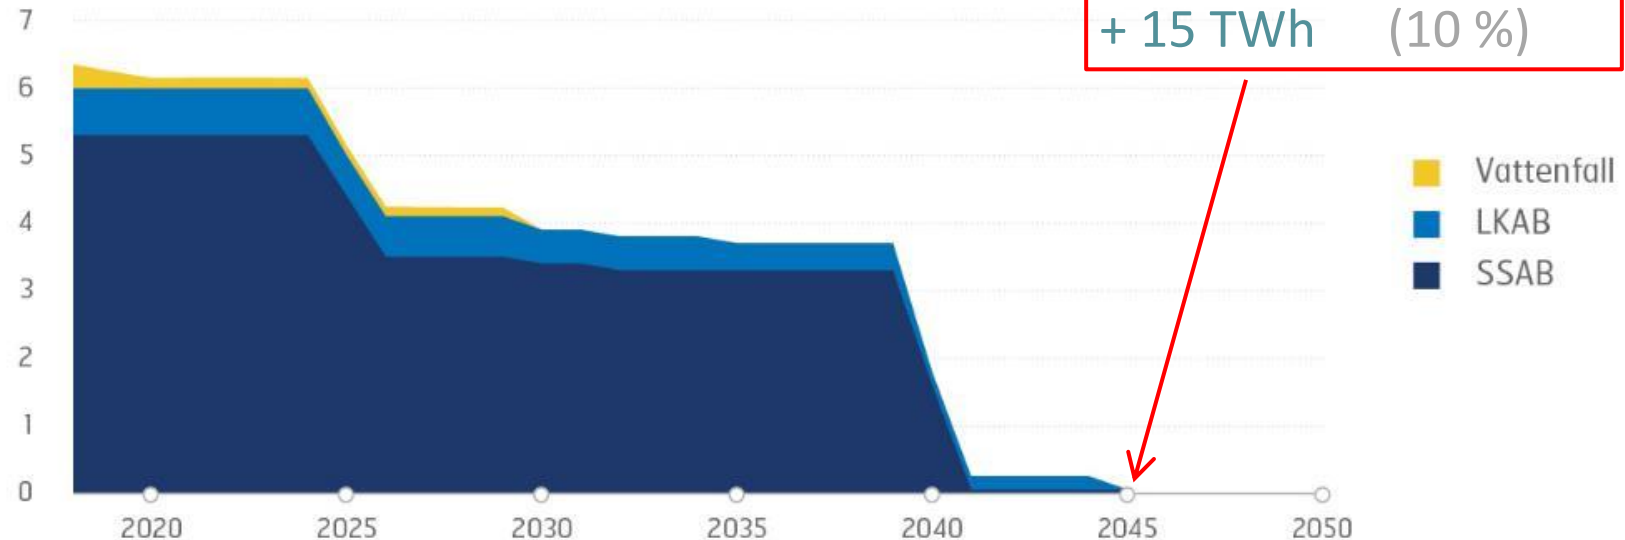

# HYBRIT Initiative reduces CO<sub>2</sub>-emissions by 10% in Sweden

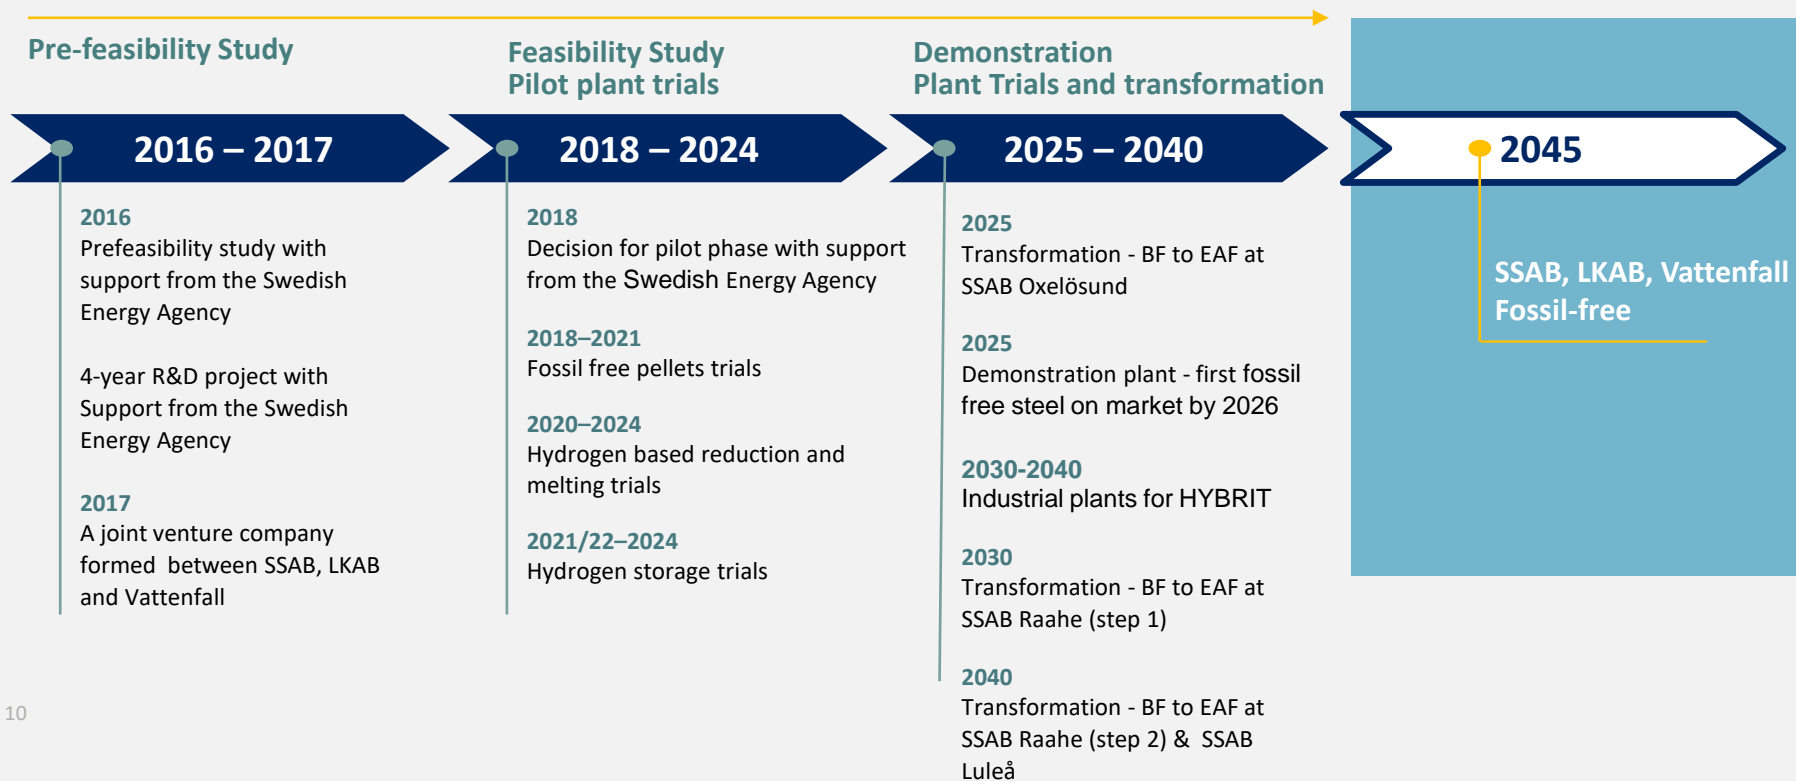

Contribution to territorial Carbon footprint in Sweden

(Mtonnes/year)

# Roadmap

# CO2 NET-ZERO 2045

---

## Industry Roadmaps for Fossil Free Competitiveness:

*Aviation – Cement – Concrete –  
Construction – Digitalisation – Food  
Retail – Forest – Heating – Heavy  
Haul – Maritime – Mining – Steel*

Innovation

Modification

Adoption

# LEADERSHIP GROUP

---

Contribute on

- Hard to abate industries
- Providing toolkit of policy frameworks, mechanisms, roadmaps for how government and industry can work together

Also

- help scaling industry transitions up and out
- speed up technology innovation
- a platform for countries and industries to come together in transition

# «NEVER LET A SERIOUS CRISIS GO TO WASTE»

---

- Innovation for societal challenges
- Cross-Sectional Industrial Innovation in PPP
- Projects that sits well with political, technological & economical priorities

# Thank you
